Budd Doble has purchased Mollie
McCarthy—price unknown.

Thirty-two fires occurred in San
Francisco in the three days following
July 3d. Except in two instances, all
were caused by fire-works.

Gold closed in New York on Satur-
day at 100½; fractional silver coin, ¾
@ 1½ per cent. discount; silver bars,
115½ in greenbacks and 114½ in gold
per ounce.

There is considerable excitement in
Oregon and Washington Territory over
the Indian situation. Fighting is re-
ported in the vicinity of Canyon City,
Grant county, Oregon, and eleven
whites killed.

At the close of the Ten Broeck-
Mollie McCarthy race at Louisville,
Mr. Winters, the owner of Mollie,
offered to renew the race at a future
date, but Mr. Harper declined, saying
he would run his horse no more.

Secretary Sherman says he has not
decided to announce the resumption
of specie payments in advance of the
1st of January next, the time fixed by
law, but that resumption may come
before that time from natural causes.
The coin balance in the Treasury is
now about \$200,000,000, and is steady-
ly increasing.

At a supper given in honor of Vera
Sassalich (the Russian woman who
recently attempted to assassinate the
Prefect of Police at St. Petersburg) at
Geneva, Switzerland, Friday night,
she made a speech in which she de-
clared she had given herself body and
soul to the cause of revolution, and
that in her opinion its triumph was
not far distant; that the next combat
would be that of the people against
kings.

Mollie McCarthy Sold.

A Louisville dispatch of July 6th
gives the following particulars of the
sale of Mollie McCarthy to Budd
Doble: There is more excitement over
the Tenbroeck-Mollie McCarthy race
than ever, and the latest facts are
sought with an avidity truly astonish-
ing. Winters, Walsh & Co. bade fare-
well to-day and Mollie McCarthy is
sold to Budd Doble; price unknown.
He took her to Kankee, Illinois, the
hot weather here hurting her very
much. One of her forelegs is very
much swollen and experienced turf
men say she will never be able to run
again. Doble don't think so, and de-
sires to run her against any horse or
mare at any distance for any sum.
John W. Conley, who managed the
race and leased the track, has been
arrested on a writ sworn out by the
counsellors of one Thompson, of Penn-
sylvania, who holds judgments against
him for \$1250, on an old debt growing
out of the latter's failure on Wall
street. Conley claims the judgment
to be erroneous, and says he will not
be gouged. Conley is sadly disap-
pointed over the failure on the 4th,
and, in his own language, had the race
proved a success, he would have been
"a hell of a hero." As it was not, and
as fraud is cried, he must receive as
principal agent the dirt thrown. He
believed the mare would win, and so
told his friends, nearly all of whom
lost. When the writ was served it
was discovered that Conley had turned
everything over to Budd Doble. The
Louisville Jockey Club had leased the
track to Conley individually, and the
Doble shadow, at first so dimly to be
seen, has materialized wonderfully of
late. Harper has authorized the Bank
of California to pay the \$10,000 stake
to Alexander McAbee, who backed
Ten Broeck.

Horse Talk After the Race.

A Chicago, date of July 6th says:
The race between Ten Broeck and
Mollie McCarthy continues to be the
universal subject of conversation here,
and warm discussions upon the relative
merits of the racers have been the
order of the day. Notwithstanding
the fact that the mare was distanced
in the first heat, she has more friends
to-day than she had yesterday.

SPECIAL NOTICES.

BRANCH SUIT AND CLOAK HOUSE.
Well Brothers announce to the people of Reno
that they have just opened in Reno a branch of
the Cleveland Suit and Cloak company. As
they get their goods directly from the manu-
facturer they can, therefore, undersell all other
Reno merchants and yet make a profit on their
goods. We have no auction trash, nor do we
propose to sell for twenty-five cents what is
worth one dollar. We therefore take pleasure
in inviting the ladies of Reno and vicinity to
call and inspect our stock resting assured that
we shall be able to satisfy them both in regard
to price and quality of the goods. Store on
east side of Virginia street, Reno, Nevada.

THE GREAT RACE.

Tenbroeck's champions will say that he won, anyway, and that settles it. The truth is, however, that the rain-storm of July 3d, and the burning sun of July 4th saved him from a most disastrous defeat. This theory is borne out by every circumstance of the day's racing. J. Cairn Simpson, in the *Spirit of the Times*, cites the following facts: "In the mile and a quarter race were two very fast horses, the winner, Dan K, having run when a three year old, carrying ninety-eight pounds, a mile in 1:42½. The beaten horse, Harkaway, at St. Louis, gained the fastest record for heats of a mile with full weight up, 1:43-1:42½, and the fastest second heat of two miles, 3:35¼. The 1¼ and 2:18¼ was equivalent to 1:51 to the mile. If a fast horse like Harkaway was beaten in such time, what must the effect be on a light mare like Mollie, running 1:¼ seconds further? That it was nearly as fatal to Tenbroeck is apparent. Notwithstanding he ran the last mile so slow as 2:26¼, he "cramped badly," and it is palpable that he would have been utterly unable to run another heat." When it is shown that Mollie was sound in limb, bone and muscle, it can never be doubted that her defeat was attributable to the heat or doping. It was no fault of her magnificent form or condition. There is no reason to doubt the honor of Henry Welsh, George Howson, or their employer, Theodore Winters. There is neither sense or reason in thinking that the heroine of nineteen victories, without a single reverse, could be defeated in 8:19¼. The brave little mare gained more friends in her defeat at Louisville than by the nineteen victories which have been credited upon the records of Western societies. She proved that the ability was in her to score the twentieth and greatest victory of all, against the world's champion. She took the track from the first, and set a pace for Tenbroeck that he could not equal without hard driving upon the part of his rider. So clearly, in fact, did she show her superiority that ten to one was offered upon her. Untoward circumstances, however, prevented the victory which fairly belonged to her, and the brave little mare reeled in past the distance flag and reached the judges' stand with great difficulty. Mr. Theodore Winters offered to renew the match, but Mr. Harper declines.

Not a man on this coast but will feel the disappointment keenly, and admire the pluck of their old-time favorite. This race was a contest of two great sections, and two great strains of racing blood. Should it be renewed, the Pacific may safely trust its honors to Theodore Winters and the game little mare who proved herself fit company for the world's champion.

CELEBRATIONS.

It is now clear to our citizens that we can and should celebrate national holidays at home. In '76 we proved that Reno had material at home for a respectable display and procession. Once in a while it is well to unite with other cities, to visit our neighbors and help them to enjoy the day and its festivities, but in return we should try to have these favors reciprocated, and entertain our friends and neighbors at our own homes.

Carson deserves great credit for the liberal manner in which she provided for guests on July 4th. Every facility was offered and every inducement advanced. Reno changed the date of her race meeting to accommodate the hub, and Carson, through her horse men, tried to make the races attractive and interesting. They succeeded. The procession was creditable, and every feature of the day was prominent and complete. Reno can do just as well whenever her citizens undertake it. We hope that another year will find them united upon a project for celebrating at home.

The Mayor of Montreal, Canada, has issued a proclamation stating that serious trouble, riot and bloodshed may occur on the approaching 13th of July—the occasion of the Orangemen's celebration—and giving notice that no assemblage or gathering of people will be allowed in the streets, and that stringent measures will be taken to arrest and bring to justice all disturbers of the peace on that day.

THE RING

Employ Three Lawyers to Prevent a Legal Investigation into the Matters Complained of by the Grand Jury.

SOME OF THE TRICKS OF THE RING UNCOVERED.

Like Jeff Davis in 1862, all they want is to be Let Alone.

[COMMUNICATED].

TO THE PUBLIC: The following bulletin is issued, in order that each tax-payer of the county may understand the true condition of affairs, connected with the management, or, rather, mismanagement of the county's finances:

It will be remembered that since the last grand jury reported the ring has been industriously striving to prove that the grand jury had been actuated by malice, and that the reported overcharges were lies concocted by some of the members for the purpose of injuring the officers; and further, that in no case had any officer been guilty of charging illegal fees. Whilst most of the taxpayers of the county have had faith in the honesty of the late grand jury, and believed its report, the denial of the interested one to the contrary notwithstanding. I expect to prove each assertion of the grand jury report, by evidence such as they cannot gainsay, and for that purpose will here insert a report of the action of the Board of County Commissioners of Humboldt county at their session on the 5th inst. while considering the claim of Washoe county against that county for expenses in the last trial of J. W. Rover. This report was taken from the *Silver State*, published at Winnemucca, July 5th:

"The last bills which Washoe had against Humboldt in the Rover case were disposed of by the Board of County Commissioners Wednesday afternoon, District Attorney Cain represented Washoe, and District Attorney Harding Humboldt. The bills presented by Washoe amounted to \$1900, some \$700 of which were shown to have been illegal demands by Mr. Harding. Mr. Cain urged that the whole amount had been allowed by the COMMISSIONERS OF WASHOE, BUT, AS THE CLAIMS WERE UNLAWFUL, AT THE LAST MOMENT HE GENEROUSLY PROPOSED TO REDUCE THE SUM \$700. This proposition was accepted by the authorities here, and a warrant ordered to be drawn in favor of Washoe county for \$1200. These bills did not include the expenses incurred at the first trial of Rover at Reno, some of which were rejected by the Commissioners of this county, and for the recovery of which Washoe instituted a suit which is now pending in the Supreme Court."

In the above it will be noted that our astute District Attorney in his "argument" stated that Washoe county had allowed the whole amount, notwithstanding the fact that they were unlawful. It will be remembered that the ring members have always denied that illegal fees had been allowed. O, wasn't that a nice little speculation on the part of the officers of our county? Paid out \$1900 and got back \$1200! But possibly the \$700 were saved, although the county lost it.

The following dispatch will also explain itself when it is remembered that at the tax payers' meetings at the court-house a few weeks ago, the officers were clamorous for a legal decision on the questions at issue. But it must be remembered also that as soon as the meetings closed and outraged tax-payers went home that the desire for a legal investigation abated, and judging the action of certain ones at Carson last Saturday, it is obvious that the ring would rather anything else should happen rather than have their records passed upon by the Supreme Court. The substance of the Carson dispatch is as follows:

CARSON CITY, July 6, 1878.—C. S. Varian of counsel for the tax-payers of your county is now before the Supreme Court arguing his petition for writ of certiorari to issue, directing the Board to certify up to the Supreme Court their record of the allowances of the Clerk's bills. It was understood that the Clerk and Sheriff would make agreed cases of the matters in controversy, but it now appears that the officers will not allow the matter to come before the Court if they can help it. The Chairman of the Board is here, and is apparently very anxious that the Court should refuse the writ. R. M. Clarke appears as counsel for the Board, assisted by Wm. Cain, District Attorney, and S. A. Mann, Deputy Clerk, who informed me that he had been here a number of days "hunting law to bulldoze the tax-payers." It is also currently reported here that the Chairman of your Board of Commissioners and the law officer of your county contemplate engaging in the

banking business. Possibly this rumor arose from the fact that their financial transactions with Humboldt was a grand success.

From the admissions of the District Attorney in the matter of our claim against that county and the opposition made by the Board of Commissioners and other officers, to a legal decision with regard to the matters in controversy between the grand jury and the officers, is it reasonable to longer doubt but that illegal fees have been allowed to our officers? If \$700 were allowed our officers illegally in the last trial of Rover, how much was the overcharge in the first trial, and how much did the illegal charges amount to in the Kelly case, or the La Point case, and the score of other criminal cases tried in our county during the last year and a half? Is it strange that the tax-payers feel that something should be done? O. B.

Reno, July 8th, 1878.

Tremendous Explosion.

About daybreak on the morning of the Fourth, everybody in town had a forcible reminder that Independence day had come. Some thoughtless person placed a bunch of giant powder cartridges in the middle of Weed street, in front of Truet & Roundtree's store, tamping the explosives with earth, touched them off in regular sand blast fashion. The concussion and detonation which followed were tremendous. Nearly every pane of glass in the front doors and windows of Truet & Roundtree's building was shattered to atoms, and many panes in the front of Tollman & Hutton's saloon on the opposite side of the street, were also demolished. The force of the discharge was so violent that it literally dug a pit in the hard road nearly a foot in depth and filled the air with dust and pebbles. One of the flying pebbles passed through the door of the saloon and struck Mr. Tollman a glancing blow on the cheek, but luckily did no serious injury. Of course the person who fired the charge had no malicious motive in so doing, but for the future he should make his giant powder celebrations at a safer distance from the town, for it is almost a miracle that some one was not seriously hurt or killed by the foolhardy experiment of Thursday morning.—*Tuscarora Times-Review*.

Frightened.

When the members of the Carson band got off the stage here last Wednesday morning the Putes in town became alarmed at the sight of their uniforms, and immediately made inquiries "why sojer man come?" Upon being told that they were musicians they were incredulous, and in a short time all left town and were not seen again until last evening. At Bodie the committee of arrangements had sent invitations to the Indians to join in the procession and give a war dance. But some one informed them that it was the intention of the whites, when they got them all in line, to shoot them down. Very few Indians remained in or around Bodie on the Fourth.—*Bodie Standard*.

A "Bad Man."

The Truckee *Republican* says that on Thursday of last week, in Sierra valley, a man commonly known as "Grizzly" Davis, attempted to take the life of Jim Miller, the cattle man. He caught Miller down in the meadows between two sloughs where there was no chance to escape, and advancing, with pistol presented, to within a few feet pulled the trigger. Fortunately the cartridge failed to explode. Before he could cock his pistol and fire Miller got some distance away. Davis was arrested and held in the sum of \$1000 to appear before the grand jury for attempt to kill. He has threatened the lives of half a dozen men in the past.

DIED.

DABELL.—In Reno, July 6th, Joseph Dabell, aged 32, a native of Canada.
UNKNOWN.—At the poor farm, July 8th, name unknown, aged about 30 years, an American.

Jottings.

—An interesting communication from District Attorney Cain will appear to-morrow.
—A meeting of the trustees of the Fire Department will be held at eight o'clock this evening, at the office of Justice Richardson.
—The C. P. pay car paid the boys a welcome visit Sunday and left two months pay for each employee. It then glided westward.
—A meeting of the R. A. Chapter will be held next Thursday evening. Work in the M. M. M. degree will be the attraction. All companion Masons in good standing are invited to be present.
—Ten cases of arms and ammunition arrived from San Francisco Sunday morning consigned to Camp Bidwell. Five cases were sent out this morning by the new stage line. Five cases yet remain in Wells, Fargo & Co's. office.
—The Workingmen's meeting was well attended Saturday night. A meeting will be held to-morrow evening at the Reno opera house. Dr. Clark will address the meeting, after which the military company will be organized.
—Nine coaches of soldiers passed through Reno this afternoon. They came from Winnemucca and go to San Francisco. They took the emigrant train, and the coaches of the latter came through on No. 8 this morning. We did not learn the cause of their return from the Indian war.
—Miss Ella McNeely takes her sister's place in the public schools, and Mr. Galling the position held by Mr. Cantrill. The other teachers will hold their places. The next term of school will open August 26th. The Trustees will open a branch school in some section of town as soon as a desirable building can be procured.

PYRAMID DISTRICT.

Different Claims—Comments.

Saturday and Sunday we visited the Pyramid mining district and took a run through several of the mines. The first mine, the Monarch, is making fair progress in running a tunnel, but to all appearances, this tunnel, if continued in its present direction, will come to daylight in a ravine between the Pyramid and the Monarch. The head of the tunnel is in hard, barren rock. Dr. Bishop, who has the contract, expects to encounter a ledge in a few days.

Tom Hale's claim, the May Belle, is above the Monarch, on the same ridge. Tom has done a small amount of work in several places on his claim, and from all indications, croppings, etc., will in all probability open up a good mine.

Ascending the hill, we next come to the old Juniper, to be incorporated as the Sherman. Here again we found but little work had been done. At one place the croppings show ore very similar to that found in the Jones & Kinkead. This claim is evidently located on a continuation of the same ledge as the Jones & Kinkead mine. Before this claim can be worked to any considerable extent certain parties who claim a part of this mine will institute legal proceedings to obtain what they claim, or else restrain by injunction its development.

The succeeding claim is the Hanson. A twenty-foot shaft has been sunk on this claim, but the rock did not warrant further labor.

We now come to the Jones & Kinkead. A full description of this mine has already been given in these columns, therefore we shall only make a few statements of the very latest developments. We went into the 300 and 330 levels, into the stope, crosscuts, drifts, etc., made numerous inquiries inside and out, and bluntly give the subjoined statements of fact and opinion. We may of course be in error in some particulars, but if so, we will correct all errors on the receipt of different information. It will be remembered that a winze was sunk 28 feet from the 300 level. In this winze, sunk in the ledge, the character of the ore improved, as it was carried down. It was discontinued because the air was very light and otherwise did not favor the carrying on of the work. A west drift has been commenced from the north cross-cut of the 330 level. Two shifts of two men each are now at work on this drift and have about forty feet to run until they are immediately under the winze. The ore in this drift is now the richest in the mine and assays near \$300 to the ton. About three and one-half tons of ore are daily taken from this drift. On the 300 level we found five men at work; four of these are stopping in excellent ore; a fifth is wheeling ore to the shaft. About six and a half tons of ore are daily sent to the dump. No work is being done in any other part of the mine. The width of the ledge on the 330 level is not known. On the 300 level it is about seventy-eight feet, of which thirty-five feet is low grade ore, assaying \$5 to \$10 to the ton, as far as known. The hoisting of ore is done by a whim, and the shaft is not straight. Should the company continue to use this shaft it should be made vertical and a donkey engine be used to hoist the ore. The whim is more serviceable for firewood, since the Jones & Kinkead has developed into a mine, than as a hoisting apparatus. We are informed that it is the intention of the company to run a tunnel. We should think this an excellent idea. And now, since this mine has, by its development, proved that it is a mine, it is time that its owners more rapidly and systematically carried forward its development. But to do so requires the outlay of several thousand dollars before any immediate returns of any consequence come in. We would give it as our judgment—in this we hope we are not egotistical—that a ten cent assessment be levied after the present one is off. If anyone don't want his stock he can easily find buyers. Of course much of the future development of this mine will be determined by the practical test now being made in the milling of its ore at the English mill. Those who work in the mine and hold any shares will not sell their stock. They say it is worth at least \$5 per share. No one, therefore, need be exceedingly anxious about their Jones & Kinkead stock.

Work has been commenced in the Muren claim, and the old King shaft, just below the Jones & Kinkead, and on the same ledge, will be sunk one

hundred feet deeper. In a few days work will begin in the Chimo claim, which lies southeast of the Jones & Kinkead, and on what is held as a continuation of the same ledge.

Pyramid needs more miners and mining men of capital, and we believe that if matters are properly managed that before October Pyramid will be a live camp. There are several rich mining men who have their eyes on this camp, and, if we guess not wide of the mark, they will, inside of four months, have a word to say in Pyramid.

A CARD.

Editor Gazette:—DEAR SIR.—Having engaged myself with the well-known house of E. Kennedy, 505 California street, San Francisco, who has engaged a celebrated cutter from Broadway, New York city, at great expense, I would be pleased to have you send in your order, as I have placed all my measures taken by me on his ledger, and if desired I will send samples of all our late imported English and French goods.

Very Respectfully

J. P. HIXON.

APPLICATION FOR WRIT.—The Taxpayers' Committee filed their petition for a writ of certiorari to the Supreme Court on last Monday, praying that body to direct the Board of County Commissioners and the County Auditor to certify up their records to the Supreme Court. The Court appointed Saturday as the time for hearing said prayer. C. S. Varian appears in behalf of the Committee, and R. M. Clarke for the Commissioners.

DEATH.—About 6 o'clock this morning a farm hand of Mr. D. O'Connors, who lives near the Truckee canyon, died at the poor farm. This young man was apparently in good health save the ailment from which he died, which was evidently heart disease. He came to the hospital yesterday about noon, and was buried this afternoon at 3 o'clock.

A fire in the snow sheds at Cisco delayed yesterday morning's east-bound overland train nearly three hours. About 1100 feet of shedding was burned, also a quantity of wood. The morning express train arrived on time.

SPECIAL NOTICES.

DR. L. J. CZAPKAY'S

Private Medical Institute.

209, KEARNEY STREET, SAN FRANCISCO.
Established in 1854.
For the Permanent Cure of all Special and Chronic Diseases, as also all Female Complaints and Diseases of the Nervous System.

THE IMMENSE DESTRUCTION OF
human life annually from secret and chronic diseases, caused this old and reliable institution to be established, first in Philadelphia, Penn., in 1854, and afterwards in San Francisco, Cal., in 1855, as a private dispensary, in order to afford the afflicted the best medical and surgical treatment, for the above and all other affections and complaints. All communications strictly confidential. Medical consultation at the Institute, or by letter, FREE.

To the Afflicted:

Dr. L. J. Czapkaay would most respectfully inform the public of the Pacific coast that, at the earnest solicitation of his numerous friends, and hundreds of those unfortunately afflicted with disease, he has reopened his MEDICAL AND SURGICAL INSTITUTE and resumed the practice of his profession. The Doctor would remind all those who are in need of medical aid, that since relinquishing his very extensive and successful practice in San Francisco, he has visited the principal cities in Europe, inspecting diligently the experience of the most learned in the profession, the benefits from which he will offer to all in need of his services. Rheumatic affections, chronic catarrh, diseases of the stomach and kidneys, liver complaints, etc., successfully treated. Those who are suffering from the errors and indiscretions of youth, nervous weakness, physical and mental debility, are assured of a permanent cure. Charges moderate. All communications strictly confidential. Medical cures sent by express. Address: **L. J. CZAPKAY, M. D.** 9-3d&wlv 209 Kearney St. San Francisco

FELLOWS' Compound Syrup!

—OF—

HYPOPHOSPHITES.

THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, or Genital Organs, is a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend upon them for health or involuntary muscular action, the weaker suffering first.

The inventor, acting upon this idea, that the muscles and nerves depend upon each other for efficient strength and action, and that they must be treated directly in order to speedily and permanently cure diseases of the organs which they control, became convinced, after months of experiment, that no other preparation produced such potent and direct effects upon the nervous system as his

Compound Syrup of Hypophosphites

and except in cases of actual organic loss, that it would restore patients suffering from those maladies.

Amongst the diseases overcome by the use of this remedy are the following:—

Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhea,
Chronic Laryngitis,
Melancholy,
Nervous Debility.

Debility, resulting from Typhoid and other low fevers, Diphtheria, Stranguria, Hysteria, Hypochondria, Nervous Excitability, Marasmus or Wasting of the Muscles, Aphonia, or Loss of Voice, Sluggishness of the Liver, Interrupted and Feeble Action of the Heart, Suffering from various causes. Indigestion and habitual Constipation almost always arise from weakness of the muscles and nerves of the stomach and bowels. In such cases, Fellows' Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines. The evacuations soon become copious and healthy, without producing the effect of purgative medicine.

Weakness of the JOINTS and MUSCLES. IMPURITY of the BLOOD, and INWARD WASTING may be cured by attention to the regular described doses, and by due regard to the habits of life.

FELLOWS' Compound Syrup of Hypophosphites

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced, and the large sale is the best guarantee of the estimation in which it is held by the public.

This Syrup will cure PULMONARY CONSUMPTION in the first and second stages, will give great relief and prolong life in the third. It will cure ASTHMA, BRONCHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from want of MUSCULAR ACTION and NERVOUS FORCE.

Sold by all Druggists.

Price \$1.50 per bottle or six bottles for \$7.50.

SUMMONS.

IN THE DISTRICT COURT OF THE
Second Judicial District of the State of Nevada, in and for the county of Washoe. The State of Nevada sends to Sarah J. Smith, Greeting: You are hereby required to appear in an action commenced against you as defendant by A. A. Smith as plaintiff, in the District Court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service) if served in said County, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a decree dissolving the bonds of matrimony heretofore and now existing between you and plaintiff, who alleges a marriage between you and him in September, A. D. 1872; that ever since you and he have been, and now are, husband and wife; that on or about the 1st day of March, A. D. 1877, you, the defendant, without cause and against his will, willfully deserted and abandoned him, and ever since have continued to do desert and abandon him; that there is no common property, and are no children living of the issue of said marriage. Plaintiff alleges that he is now, and for six months next preceding the commencement of this action, has been a resident of the County of Washoe and State of Nevada, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county.

And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

— IN TESTIMONY WHEREOF, I, P. B. COMSTOCK, Clerk of the District Court of the Second Judicial District, Nevada, in and for Washoe county, do hereunto set my hand and the seal of said Court this 14th day of May, A. D. 1878.
